

Keeping Kids Healthy

Dental Hygiene students work in the new Firstenberg Family Dental Hygiene Education and Care Center.

The Clark College Dental Hygiene Program will hold a free children's dental clinic on Saturday, February 7 from 8 a.m. to 2 p.m. on the main campus of Clark College. The event will take place in the newly remodeled Firstenberg Dental Hygiene Education and Care Center in the Health Sciences Building.

Dental hygiene students from Clark College will provide care under the direct supervision of licensed dental hygienist and dentists. Services will include cleanings, sealants, x-rays, and fluoride for children ages 18 and under. Appointments can be scheduled by calling the Dental Hygiene Business Office at 360-992-2158.

This has been an exciting time for the Dental Hygiene program. Its recently approved Bachelor of Applied Science degree—the college's first-ever baccalaureate degree—will begin taking students in fall 2015. The program also recently opened the Firstenburg Family Dental Hygiene Education and Care Center. The \$3.3 million facility renovation was funded by donations from a variety of entities including the Firstenburg Foundation, Roy and Virginia Andersen Endowment, M.J. Murdock Charitable Trust, John A. and Helen M. Cartales Foundation. Renovations of the space allow the program to serve more students and more patients—particularly children and underserved populations.

Clark College is located at 1933 Fort Vancouver Way, Vancouver, WA 98663. Driving directions and parking maps are available at www.clark.edu/maps. If you need accommodation due to a disability in order to fully participate in this event, contact Clark College's Disability Support Services Office at or (VP), or visit Penguin Union Building room 013 as soon as possible.
