

Maximum Annual Leave Accrual

The amount of vacation leave *classified employees* are allowed to accumulate is limited. Once a year, on each employee's anniversary date, Clark College's computer system checks leave balances and automatically eliminates any hours in excess of 240. For more details refer to your WPEA contract.

The amount of vacation leave that *administrative and exempt employees* are allowed to accumulate is also limited to 240 hours. Any amount in excess of 240 is removed from the system on October 1 each year.

All employees whose vacation balances (shown on paycheck stubs) exceed, or are approaching, 240 hours, should plan ahead with their supervisors to use excess vacation hours before the cut-off date.

For further information contact Human Resources.
