

Outstanding Employees

President Knight congratulates Linda Healy, left, and Vanessa Meyer on receiving the 2016 Exceptional Classified Staff Award.

Opening Day on Sept. 12 marked several celebrations of employee contributions to the college. Employees were recognized for 5, 10, 15, 20, 25, and 30 years of service to the college. Four employees—Facilities Services Maintenance Mechanic Michael Conder, ITS Specialist David Sims, Business Professor Patti Serrano, and eLearning ITS Specialist Scott Coffie—earned recognition for 35 years of service to the college.

Additionally, the recipients of the annual Exceptional Faculty Awards and quarterly Classified Staff Excellence Awards were

recognized. The faculty awards are announced at Commencement and the quarterly Classified staff awards are announced each quarter. Additionally, two Classified Excellence Award recipients were announced to be recipients of the annual Exceptional Classified Staff Awards: Linda Healy and Vanessa Meyer.

Six Clark College employees received Presidential Coins during Opening Day. Introduced in 2007 by President Bob Knight, the coin is given to faculty and staff members who provide exemplary service to Clark students, the college and the community. The honorees are decided by the president and are kept secret until the names are announced—generally on Opening Day in the fall or during the annual State of the College address. The newest coin recipients are:

In addition, Dr. Hamideh has led the development of the Business Core classes that help students prepare for business

Peralta sits on the Cultural Pluralism Committee, Academic Early Warning Committee, and the Incident Response Team at Clark. On the state level, she has been a leader of the Multicultural Student Services Directors’ Council and its annual Students of Color Conference. Mike Silva graduated from Clark College in 2001 and was hired

as a computer maintenance technician later that same year. He was promoted to an Information Technology Systems Specialist in 2002 and now serves as the supervisor of the Multimedia Department.

Last year, Silva led a collegewide effort to redesign the college's standard classroom technology configuration. Working with faculty and staff, he developed a new design that not only provides additional teaching tools for faculty, but saves nearly \$10,000 per classroom in equipment costs. He has also been part of the effort to make the college's new STEM Building ready for students and faculty.

"Over the past 14 years, he has been in a variety of technical roles providing outstanding customer service and a calm, reassuring voice able to solve the thorniest technical problems," President Knight said. "As the labs supervisor, he hired and mentored hundreds of student workers, preparing many for jobs and life after their graduation from Clark College. In mentoring these students, he clearly demonstrates that we all have a role to play in student success. ... He is an outstanding supervisor, technician, and friend to many on campus."

Prof. Caleb White
receives a

Caleb White

Caleb White joined Clark College as a tenure-track welding instructor in 2013 and received tenure in 2016. He holds an associate degree in automotive and diesel technology from Universal Technical Institute and previously worked at Christensen Yachts, where he helped build some of the biggest luxury yachts in the world.

“He has not been at the college for a long time, but he has already made an impact,” said President Knight.

Each quarter, his students use their skills to create a project. Projects have included aluminum stools for students to use in the welding lab, a large pressure vessel that can be used on job sites, and an aluminum fishing boat that was a star attraction of the college’s display at the 2016 Clark County Fair.
