Ian Beckett

Congratulations to **Ian Beckett**, recipient of the 2018 Fall Quarter Classified Staff Excellence Award!

Ian Beckett is the Instruction and Classroom Support Tech 4 for the Art Department and has shown exemplary work performance and outstanding service to the college community for over 17 years. As a highly skilled professional, Ian is responsible for the daily operations of the Clark College ceramics studio, dark room, painting and drawing studios, graphic arts lab, and metal arts studio. Ian has a great breadth of specialized and technical knowledge and is said to effectively navigate the labs and studios to ensure they are always clean and operational for an optimal student learning environment. Ian is said to be someone who “always considers the needs of art students and the art department above all” and is always “polite, professional, and respectful to all everyone that he works with.” In addition, Ian is described as “loyal, hard-working, consistent, of high integrity, and witty.”

These are just some of the comments and highlights that are echoed by many staff, faculty and colleagues:

- “Ian’s efforts and dedication to his job and the school make him more deserving for the Staff Excellence Award than anyone. I have always wanted to show my appreciation for Ian’s work and this is just a humble attempt at that. His spirit of work and exemplary performance makes him a role model for me and, I find it safe to assume, numerous other students. I really hope that Ian Beckett gets the appreciation and recognition he deserves.”
- “Ian goes above and beyond the requirements of his job when helping students. He is the source for all camera and equipment check-out in the Art Department. I’ve seen him modify his schedule to accommodate students and give one-on-one tutorials on how to use equipment.”
- “Ian serves the students daily. They clamor around his office door, waiting for him to dispense photography equipment, and I often hear him talking at length to students about their projects. He is so busy that sometimes they have to wander around the building looking for him, as he might be replenishing supplies or checking equipment for the studio classrooms, but he is always accessible, never loses patience with students, and is always welcoming.”
- “I’m overwhelmingly nominating Ian Beckett for the Classified Staff Excellence Award! He has always been a fabulous help on short notice anytime and all the time for all my needs! And helpful in any assistance I may need. Ian really reaches out to all students in all their needs and questions for assistance and guidance. I can go on and on!”
- “When onboarding new hires and volunteers, Ian has a strong focus on preparing them to support the success of the art department and art students. Ian encourages student employees to seek guidance in their work from

the art faculty that they are supporting in the art lab and studio spaces to help to maximize the experience of the art students.”

- “I have been a metal shop monitor for the last year and a half. Ian Beckett is the most supportive and caring boss I have ever worked for. He checks in with me every shift to see if I need anything and to just ask how I am doing. I help him with the overwhelming task of cleaning the classrooms at the end of each quarter and he is constantly thanking me for my help. He is the type of boss that employees will go above and beyond to help support him in any way possible. He is completely dedicated to support staff and students while never showing the fatigue he must have from the massive responsibilities he deals with every day. I am so grateful he saw in me the potential to work for him and this department and will always call him a friend.”
- “We are one of the last departments on campus that uses volunteers to assist students and to staff the various labs in the building. Not only does Ian create a master schedule that staffs our labs fully with both employees and volunteers (some seven days a week), but he is always there to help with any questions, conflicts, and concerns whether school related or not. I’ve heard him talk down crying students dealing with failing classes, going through breakups, and any variety of things that happen to students while in college. The bond he builds with his workers is lasting and many see him as a very supportive mentor. There is no way we could staff the building as we need to without the strong relationships that Ian builds with the people in our community.”

Her professional manner makes it clear that she is invested in the success of our department, our students and our faculty. She's an integral part of the community in the STEM building."
- "Angela has been working for the Life Sciences Division for a few years now, and from the beginning has made life incredibly easy for students, faculty and other staff. There seems to be nothing she can't handle, whether it's helping students find their class, helping with faculty development funds, petty cash, a lost wallet found in the parking lot, a classroom that's running too warm, needing a bookshelf, or finding information about Clark regulations (all of these have come up just this Fall quarter!). Our colleague emphasized that whenever he had a question, he contacted Nichola because he trusted that she would respond with accurate information or would research his request until she had an answer for him. - “Her attention to detail and knowledge of chemical handling and packaging gave all labs she prepared a very professional appearance, each optimized around student use. For example, reagents for a lab experiment that once were just set out on a bench are now put together in well labeled kits. This ensures students have the materials they need and allows a greater focus on the procedural work vs. having the right chemicals or equipment. All chemical storage and waste bottles receive fresh labels each term, with the correct information displayed in compliance with state and local regulations. All student areas are well kept, tidied, and cleaned several times during the day.”
