

ctcLink update: Kudos and training

We are moving closer to GoLive with the primary ctcLink technology solution – PeopleSoft – on October 28.

KUDOS

Thank you to the **Credentials** staff! In early August, they worked with a team from the Washington State Board for Community and Technical Colleges (SBCTC) ctcLink project to build the rules that allow us to transfer in courses from other institutions into the PeopleSoft database. When we GoLive, we expect to have over 7,000 transfer-in courses set up in the PeopleSoft databases. This work allows staff to accept electronic and paper transcripts from schools and process them quickly for students.

TRAINING OPPORTUNITIES

Teaching and Learning Days offered opportunities to learn more about myClark ctcLink training opportunities, including “ctcLink NEW Orientation Introducing ‘Fluid,’” “What to Expect in PeopleSoft – Student Focus,” and the August 14 keynote address, “What to Expect with MyClark ctcLink.”

The SBCTC is the process of finalizing the training plans and materials for end-user training in PeopleSoft. (Many of the primary users are receiving training in User Acceptance Testing.) Most of the end-user training will be available online and many will be offered as a self-paced course. As of today, listed below are the major training categories, schedule, and number of sessions for end-user training. I have included the number of unique training sessions, just to put into context the amount of training time required for some of our colleagues. More to come about this in the next few weeks!

Category of Training	Dates (excluding self-paced courses)	Approximate Number of Different Training Sessions (including self-paced courses)
Campus Solutions Core	September 5 – October 17, 2019	17
Financial Aid	September 3 – October 16, 2019	9
