“Equity is at the center of everything Andra does. Recognizing a gap in knowledge at the college, Andra spent time over the summer doing intense research on antisemitism and how to disrupt it, and developed a training for both Teaching and Learning Days and Fall Faculty Focus that was presented to PACKED rooms! Andra also developed training on creating inclusive learning environments, bringing her teaching expertise into her role here at ODEI and developing training specifically targeted to faculty, something that ODEI hasn’t done before.”

“Andra is well connected throughout the college – attending every event she can and volunteering to help out in any way. She collaborates with others on the team to execute projects and is always one of the first people there to set up and one

of the last to leave after cleaning up. Her cooperative spirit is evident in her leadership on the Teaching and Learning Days Committee, the NWREC planning team, the O-Squad, Level Up, and many other cross-college initiatives.”

We also would like to acknowledge the contributions of the other nominees:

- Becky Lindsay, Program Specialist II, Dental Hygiene
- Nichole Maruca, Program Specialist II, Enrollment Services
- Shelly Williams, Program Coordinator, Fine Art Division
- Tani McBeth, Technical Training Consultant, eLearning
- Teresa (Terry) Haye, Program Manager A, BASTE Bachelor of Teacher Education
