

Spring Fest 2024

The stress is high the week before finals. Clark students are studying, writing papers, completing projects, and wrapping up spring quarter. Many students are even finishing a rigorous degree program and preparing for commencement next week. No wonder students are feeling the stress!

Clark's Activities Programming Board (APB) came to the rescue with Spring Fest, lunchtime fun activities on June 12 and 13. Students, faculty, and staff gathered near Anderson Fountain and the grass near the Chime Tower for fun activities and games—all for free. Some even brought their children to join in on the fun.

Students enjoyed:

- Mini golf
- Carnival games
- Volleyball
- Inflatable slides and obstacle courses
- Giant Jenga and Connect Four
- Airbrushed temporary tattoos
- Balloon animals
- Therapy llamas Beni and Panda for a fun photo opp
- Free burritos and ice cream treats
- And more

Students interested in joining Clark's Activities Programming Board (APB) learn more [here](#).
