

Gratitude for Those Who Served

Clark College President Bob Knight, U.S. Marine Corps Sgt. Maj. Eric Sheline, Community Foundation for Southwest Washington President Jennifer Rhoads, and Clark College Trustee Royce Pollard attended the college's Veterans Celebration.

This November, Clark College began a new tradition: a college-sponsored celebration honoring veterans. The event was held the Thursday before Veterans Day in Gaiser Student Center.

"We need to make sure that our veterans are taken care of," said Clark College President Bob Knight in his welcoming address to the event participants. "We're going to have an annual Veterans Day celebration and, one day soon, a Veterans Resource Center here at the college."

Veterans salute the flag during the Posting of the Colors.

That center could become a reality sooner than expected, thanks to an announcement made during the celebration by Community Foundation for Southwest Washington President Jennifer Rhoads. Rhoads announced that, in honor of CFSWW's 30th anniversary, the foundation would be donating six grants of \$30,000 each to different organizations in the region helping to alleviate poverty, and that the first grant would be going to Clark College to create its new Veterans Resource Center. She offered a quote by the writer Cynthia Ozicks: "We often take for granted the very things that most deserve our gratitude.'

"Our veterans most deserve our gratitude, today and every day," Rhoads concluded.

Once complete, the center will support veteran students with quality academic and career advising, resource referrals and information regarding military tuition benefits. The center will help expand the services already provided by Clark's Veterans Programs office—services that have led to Clark being named a Military-Friendly School by Victory Media for three years in a row. About 700 veterans enroll at Clark College every quarter; about 500 of them use GI Bill benefits to help pay for tuition, fees, housing, books and supplies.

Clark's Veterans Celebration was a community event, honoring members of every branch of service.

The event was originally planned to begin with a Changing of the Colors at the flagpole outside the Penguin Union Building. However, bad weather canceled that portion of the program. Instead, it began with a Posting of the Colors ceremony inside Gaiser Student Center, after which Clark student Petya Grozeva sang the National Anthem. Guests were also invited to write and sign cards thanking veterans for their service; the cards were delivered to retired and disabled veterans at the Vancouver Veterans Administration Medical Center by members of the Clark College Veterans Club.

Sgt. Maj. Eric Sheline, U.S. Marine Corps, 6th Engineer Support Battalion, gave the keynote speech. Since joining the Marines in 1987, Sheline has participated in operations Desert Storm and Desert Shield; was squad leader of an anti-terrorism team in Mogadishu, Somalia; and was deployed twice to Kuwait in support of operations in Iraq and Afghanistan. Sheline noted that as the U.S. military continues to draw down forces, more and more veterans will be entering higher education in the coming years. He urged all veterans to continue to be role models, even after they leave the service.

"When we leave [to serve overseas], we do great things," he said. "When we come back, we continue to do great things."

Student Success & Retention Administrative Assistant Susan Muir, who served on the committee that helped organize the event, said the college plans to make the Veterans Celebration an annual tradition. She added that there will be another event on May 22 in recognition of Memorial Day.

Green Penguins with Wet Feathers

Environmental Biology students take a break before planting a Chinese Pistache in Scarpelli Circle to smile with Instructional and Classroom Support Technician Tim Carper, who organizes the annual tree planting at Clark.

As Kermit the Frog once sang, it's not easy being green. Admittedly, Kermit probably wasn't talking about shoveling dirt in a cold, quintessentially Pacific Northwest drizzle. But members of the Clark College and greater Vancouver community banded together on November 6 to do just that during the college's annual tree planting. These plantings help maintain the main campus's arboretum, as well as its status as a Tree Campus USA.

The group that gathered under rainy skies to plant trees included students from Clark's Environmental Biology class; members of the Clark College Environmental Club; participants in the Washington Conservation Corps; members of the college's Tree Advisory Committee; and representatives from Vancouver's Urban Forestry. Staff from Clark College Facilities Services also assisted in the project.

Volunteers clear Scarpelli Circle of non-native plants and prepare it for having a new tree planted in its center.

The group planted four trees. Two of them—an American

Yellowwood and a Chinese Pistache—were donated by Urban Forestry and are new species to the arboretum. The group also planted a Knobcone Pine; this tree was actually an offshoot from an older tree on campus that died and was removed. “So technically, it is a new tree to campus as well, because the parent tree had died and been removed from the inventory,” said Instructional and Classroom Support Technician Tim Carper, who has organized the tree planting and Tree Campus USA activities at Clark for the past four years.

Carper noted that the Yellowwood and Pistache weren’t just new species to the campus—they were entirely new genera. “We are very close to having trees representing every genus that will reasonably grow in our climate and is available to us,” he said. “That has been kind of the guideline for adding to the arboretum.”

The fourth tree, a Snake-Bark Maple with colorful leaves and bark, was appropriately enough planted near Frost Arts Center.

Curse of the Starving Class

"See, I always figured on the future. I banked on it. I was banking on it getting better. ... I figured that's why everyone wants you to buy things. Buy refrigerators. Buy cars, house, lots, invest. They wouldn't be so generous if they didn't figure you had it comin' in. At some point it had to be comin' in." –Weston, *Curse of the Starving Class*

Clark College Theatre opens its 2013-14 season with a mordant examination of American aspiration, *Curse of the Starving Class* by Sam Shepard. Winner of the 1976-77 Obie Award for best new American play, this is a major work by one of theatre's most respected and celebrated writers. The production is directed by Mark Owsley and runs Nov. 8 – 23.

At once dark and absurdist, comic and challenging, *Curse of*

the Starving Class focuses on the dysfunctional Tate clan—the drunken dreamer of a father, burned-out mother, rebellious teenage daughter, and idealistic son—as they struggle for control of the rundown family farm in a futile search for freedom, security, and ultimately meaning in their lives. Clark College Theatre Program Director Gene Biby says, “Given the recent economic crisis, the issues raised in this drama are as relevant today as they were 35 years ago.”

Cast includes Derek J. Neiman (Weston), Emily Wells (Ella), Katie Lindstrom (Emma), Nicholas Detering (Wesley), and Andy Houseman (Taylor). Production includes nudity, strong language, and adult themes.

Show Dates: November 8, 9, 15, 16, 21, 22, and 23. All show times are at 7:30 p.m. November 16, there will also be a 2:00 p.m. matinee.

Ticket Information: Students (with ID) \$9; Alumni (with membership) \$9; Senior Citizens \$11; General Admission \$13. Tickets may be purchased in person at the Clark College Bookstore in Gaiser Hall, online, or by calling 360-992-2815. All shows held in the Decker Theatre in Frost Arts Center.

If you need accommodation due to a disability in order to fully participate in this event, contact Clark College's Disability Support Services Office at 360-992-2314 or 360-991-0901 (VP), or visit Gaiser Hall room 137, two weeks before the event.

Educating for the Seventh Generation

On Friday, November 1, the aroma of fry bread wafted through Gaiser Student Center as Clark College hosted its annual “Educating for the Seventh Generation,” a celebration of Native American cultures and mini-powwow. The event included food, music, dancing, and socializing among the estimated 275 guests.

Native American flautist Isaac Trimble provided music as guests arrived. Then emcee Sande Allman and arena director Ed Goodell got the event started. Clark College President Bob Knight and Clark College Trustee Jack Burkman welcomed the assembled guests on behalf of the college and its trustees; Vancouver Mayor Tim Leavitt also offered a welcome from the city. Native American military veterans led the grand entry, after which there was an invocation and then an honoring of the recently passed. Clark College Facilities Services fiscal specialist Lori Jimerson spoke in memory of longtime Clark employee and supporter Bob Moser, who died in December 2012. Moser was a strong supporter of Clark’s Native American student group when it was first receiving charter in the early 1990s.

Much of the rest of the evening was given to dancing, including a “Tiny Tots” dance hosted by Child and Family Services and a series of exhibitions of the powwow dance styles of all the tribes in attendance. Guests also enjoyed

“Indian Tacos” served in the adjoining cafeteria, while drummers provided music for the occasion. The dancing continued late into the evening, with a diverse range of dancers—from grandchildren to grandparents, some dressed in full regalia and others in jeans and T-shirts.

This is the fifth year that Clark College has coordinated and hosted an event in honor of Native American Heritage Month. It is one of four signature events hosted by the college annually to celebrate diverse cultures. According to organizers, the title references “a responsibility to pass on and teach the future seven generations to protect our resources, culture and heritage.”

Choppers, Gunk, Bugs and Barges

On Saturday, November 2, Clark College’s main campus was fizzing like a lab beaker as hundreds of students participated in the Southwest Washington Elementary Science Olympiad. Almost 300 third-through-fifth grade students from 19 local

elementary schools participated in the half-day event, which included five competitions: Green Eggs Go Bam!, Chopper Challenge, Tug-o-War Gunk, Benthic Bugs, and Buoyant Barges. (See complete results from the contest.) In addition to hosting the event, Clark provided more than 60 volunteers, most of them students. This was Clark's sixth year of hosting the event, which helps promote STEM (science, technology, engineering, and math) among young learners.

Striking Developments

On October 3, the Clark College community came together for an annual tradition, the Students vs. Staff softball game. One change to the tradition: After years of being held during spring quarter, this event was moved to fall quarter. (Expect another competition, possibly kickball, to take its place during spring quarter.) Another change: After many years as the underdogs, Team Staff (which also includes faculty) came away with the victory, trouncing Team Student 13-4. Team Staff owed some of their success to new softball coach Mandy Hill's able leadership, as well as Health and Physical Education instructor Alan Wiest's impressive tally of four home runs.

Everyone's Involved

Phi Theta Kappa advisor Melissa Sinclair, *far right in yellow shirt*, gives students information about the program.

Gaiser Student Center was bustling with activity on October 2 as students attended the college's first-ever Involvement Fair. In previous years, the college has hosted a quarterly Student Club Fair, but this year the event expanded to include tables for not just clubs, but also departments and programs like Financial Aid, CollegeFish.org, and the Bookstore.

"We wanted to expand on the engagement opportunities we were highlighting for students," explained Director of Student Life

Sarah Gruhler.

Brandon Nimmo

Clark student Brandon Nimmo was manning a table representing the college's Penguin Help Desk, a free service staffed by Computer Support Specialist students that provides computer assistance and repair to students, faculty, and anyone in the community. Nimmo said he'd received a lot of visitors at his table interested in the Help Desk's services—though, he added, they might have to wait a bit to access them. "We have a lot of computers there waiting to be fixed right now," he said. "We stay very busy."

Nimmo wasn't interested in signing up for any clubs himself. "I honestly don't have time," he said. The Air Force veteran is currently juggling working 30-to-40 hours per week at the Veterans Administration with a full-time class load and helping to care for his daughter, 2, and stepdaughter, 13.

Chess fans get a game in at the Chess Club table.

This is the challenge facing many Clark students—they're too busy balancing jobs and family and homework to participate in extracurricular activities. But, Gruhler said, it can be helpful to their long-term success if they do.

“In Student Life we emphasize out-of-class learning opportunities,” she said. “Clubs are a great way for students to pursue their interests and try new things while gaining experience, learning new skills and connecting with other students. Future schools and employers are not just interested in your degree, but in all the other experiences that set students apart as individuals. Clubs help students connect, network and ultimately provide support to help them achieve their goals.”

Saudi Students Club members Majed Alhumaidani and Ahmed Biladi share dates and culture with their fellow students.

For first-year student Ahmed Biladi, a student club is also a way to promote understanding about his culture. Biladi, 18, is one of a growing number of Clark international students from Saudi Arabia—in fact, fall 2013 marks the first quarter that Saudi Arabia is the most common country of origin for Clark international students, the result of new partnerships between Clark College International Programs and educational organizations in the Middle East including the Saudi Arabian Cultural Mission.

When Biladi first came to the United States, he encountered some disheartening preconceptions about his homeland. “Some of the most bizarre questions I’ve gotten have been: ‘Do you guys still ride camels? Is the country covered in sand? Do you still live in tents?’” he said with a laugh. “There’s a lot of misinformation about Saudis, so we decided to start a club to share our culture with the Clark community.”

The newly formed Saudi Students Club hopes to combat myths and promote understanding between American and Saudi cultures.

“There’s an ignorance of culture on both ends that leads to a lack of communication,” Biladi said, offering a plate of imported dates to passersby.

According to the Office of Student Life, more than 400 people attended the Involvement Fair.

A total of 59 clubs, programs, services, and departments had tables at the Involvement Fair, which was attended by more than 400 people.

A New Prescription for Success

Clark College President Robert K. Knight and Columbia Credit Union President Steve Kenny cut the ribbon signifying the official opening of the simulation pharmacy.

More than 40 people gathered at Clark College at the Washington State University campus in Vancouver on September 30 for a ribbon-cutting event for the Columbia Credit Union Simulation Pharmacy. The celebration honored the community credit union for its \$65,000 gift that led to remodeling the 500-square-foot pharmacy and purchasing new lab equipment and supplies.

The crowd cheered as the ribbon was cut on Clark's new Columbia Credit Union Simulation Pharmacy.

Clark's Pharmacy Technician program relocated to Clark College's building on the WSUV campus last year, in the process expanding the program's footprint and enhancing the college's quest to be the premier Pharmacy Technician program in the region. The new lab allows students to practice skills and simulate activities they will encounter on the job in pharmacy settings, such as setting up sterile IV bags and packaging medications.

Clark College President Robert K. Knight and Columbia Credit Union President Steve Kenny cut the ribbon signifying the official opening of the simulation pharmacy.

"We appreciate our community partners that bring that margin of excellence to Clark College," said Knight, adding, "Columbia Credit Union is a partner we can always count on."

Kenny said the bank has served the community since 1952. "We are proud to support higher education," he said.

Kenny added a personal story about his son, a Clark alumnus, who began as a Running Start student, enrolled in a medical program at Clark, and is now a licensed X-ray technician "who, at 26, just purchased his first home," he said. "Education truly makes a difference."

Pharmacy Technician student Dixie Fisher gave a tour of the simulation pharmacy following the ribbon cutting.

Pharmacy Technician student Dixie Fisher is excited about the way education is reshaping her life. Fisher, who was on hand to give tours of the new simulation pharmacy, shared her own story with visitors. A year ago, she was a stay-at-home mom with six children when a storm flooded her home and forced her family to take shelter in a hotel for eight months. With time on her hands and her job prospects bleak, Fisher visited Clark College; she'd heard about its Pharmacy Technician program and wanted to learn more. Now Fisher, 36, is in the last quarter of the program and hopes to get a job at Kaiser Permanente, where she's been interning, and perhaps return to Clark one day to teach in the program.

Pharmacy technicians are in high demand because of the large number of locations that employ technicians and an aging population who require care. In the state of Washington, more than 1.2 million residents will be age 65 or older by 2020, according to a panel convened by the Southwest Washington Workforce Development Council.

Pharmacy Tech instructor Heidi Fey and department head Dawn Shults attend the opening of the new Columbia Credit Union simulation pharmacy.

Sixteen states in the nation require certification for pharmacy technicians, and only six require licenses. Washington is one of the six that mandates a license, says Dawn Shults, Pharmacy Technician Department head.

Clark students can earn a certificate and be workforce-ready in a year or go on to earn an Associate in Applied Technology degree that prepares them for leadership roles within a pharmacy setting. They can transfer to Central Washington University for a Bachelor of Applied Technology degree in business management.

New for Fall

International students make new friends in the International Student Lounge on the first day of fall quarter. Fall 2013 marks record enrollment for International Programs.

On Monday, September 23, Clark College opened the doors for its 2013-2014 academic year. The college welcomed 13,373 students on opening day, down slightly from fall 2012, when the college welcomed 13,927 students.

The start of fall quarter is always a time of new beginnings at the college, but this year is seeing a number of changes to the way the college enhances student learning. Some highlights:

- **Expanded hours at CTC:** For the first time, Clark College at Columbia Tech Center will be open for credit classes on Fridays. The expanded schedule will make it easier

for residents of East Vancouver to complete their degrees entirely at CTC, without traveling to take classes on Clark's main campus.

- **Expansion into the Gorge:** In response to demand from local businesses and residents, Clark College is offering college-level classes to the communities of the Columbia River Gorge through its new satellite location in the Wind River Education Center in Carson. Until now, residents had to travel 20 miles or more to attend the nearest community college—and that college is located out of state, in Oregon.
- **New Phlebotomy program:** Clark College has redesigned its Phlebotomy certification program and relocated it to specially configured classrooms and labs on the campus of Washington State University Vancouver in the college's health care instruction building, which also houses the college's Nursing and Pharmacy Technician programs.
- **Bachelor's degrees in Health Informatics :** Clark College and Bellevue College have signed an articulation agreement that allows students at Clark to earn a bachelor's degree in Health Informatics Information Technology (HIIT) from Bellevue through online and remote classes—without leaving the Clark College campus. “In our ongoing conversations with regional employers, we realized there was a need for Health Informatics Information Technology professionals and responded quickly to that need, but we also realized that there would be a need for students to take their education to the next level,” said Debra Ortiz, director of allied health programs at Clark College.
- **Record number of Running Start and international students:** Clark expects to see more than 1,770 students enrolled in Washington state's popular Running Start program, which allows high school students to earn college credit for little or no cost. This number is a 5-percent increase over last year's Running Start

enrollment. Meanwhile, Clark is also seeing a record number of international students at the college this year. A total of 103 students from 31 different countries are attending the college this quarter.

- **Mechatronics offers evening classes:** Clark College's state-of-the-art Mechatronics program will begin offering evening course, allowing workers to retrain for modern industrial jobs without leaving their current positions. This expansion is designed to boost the region's economy; it was prompted by local businesses who wanted more opportunities to retrain their employees.

Food carts make their debut on campus.

- **New food carts serve campus while Culinary Arts program is on hiatus:** Clark is discontinuing its Culinary Arts – Food program while it launches an ambitious new redesign of the program that will make it more responsive to modern culinary trends. Three privately owned food carts are supplying food service to the college while the program is overhauled. The college's widely respected Culinary Arts – Bakery program will continue operating during this time.
- **Water-bottle filling stations:** Students and college administration have worked together to help preserve the environment by setting up water-bottle filling stations around the main campus, thereby reducing the number of

disposable plastic water bottles bought and discarded at the college.

New Steps

After the office of instruction showed their music video “Rock of All Ages” a flash mob started at the front of the gym. The flash mob enticed members of staff, faculty, students and even members of the Clark College board of trustees to get up and dance.

On September 11, Clark College employees gathered in the O’Connell Sports Center gymnasium to kick off another academic year. Opening Day festivities are an annual tradition at the college, a time to recognize employees’ accomplishments and to

reinvigorate the college community for the coming year.

This year, the day began on a more somber note than normal, as President Bob Knight took a moment to acknowledge that Opening Day happened to fall on the anniversary of the September 11 attacks on the World Trade Center and the Pentagon. He noted that he had been in the O'Connell gym 12 years ago, playing an early-morning game of basketball, when he first learned of the attacks. Knight then asked the gathered crowd to hold a moment of silence in memory of the victims of September 11.

Knight then mapped out some of the challenges and changes the college would face in the coming year. He noted that after years of skyrocketing enrollments, numbers are starting to slip downward again, requiring staff in many departments to focus on recruitment and retention. The college is also gearing up to adopt ctcLink, a new collection of online systems being phased

into use at all 34 Washington state community and technical colleges. And while the 3-percent pay cut that affected most college employees has ended, the college is still facing some budget difficulties, partly due to decreased enrollment and partly due to being underfunding by the state. For instance, the college's new STEM Building was funded by the state—but at \$4.5 million less than originally planned.

“I am confident that you will face these challenges and overcome them, just as well as you have done in the past,” Knight said, adding that the college would continue to rely on private support gathered by the Clark College Foundation, which is ending its \$20 million Ensuring a Bright Future campaign next June.

Associate Vice President for Planning and Effectiveness Shanda Diehl spoke about another upcoming challenge: crafting the college's 2015-2020 Strategic Plan. "Since we will use the strategic plan as a tool to make decisions, we need all of your feedback during its development," she said, mapping out how that would take place.

But along with the talk of challenges and policies, there was also time for fun and high jinks. Traditionally, Opening Day includes a music video about the college, and this year it fell to the Office of Instruction to create the video. Titled "Rock of All Ages," it drew cheers and laughter from the gathered employees—and, afterward, sparked an impromptu dance party that lured to the floor faculty, staff, Student Ambassadors, and even the three trustees in attendance.

Clark President Robert K. Knight presents French professor Doug Mrazek with an award for 35 years of service to Clark College.

The event also was occasion for President Knight to award Presidential Coins to five employees, and for Human Resources to announce the recipients of the 2013 Exceptional Classified

Staff Awards and to present service-anniversary awards to employees who had worked at the college for five, ten, 15, 20, 25, and 30 years. One employee, French professor Doug Mrazrek, received an award for 35 years at the college—as well as a standing ovation from the crowd. The event was also an opportunity to present plaques to the recipients of the 2012-2013 Exceptional Faculty Awards, whose names were officially announced during Commencement.
