

After 20 years, a dream realized

2016-2017 Community College Presidents' Scholarship in Honor of Val Ogden recipient Holly Varner

Holly Varner had always meant to go to college. She tried taking classes a couple times, but life as a Navy wife made it difficult—she was constantly having to move to follow her husband's 21-year-long career, not to mention taking care of three boys, now ages 8, 13, and 18. It was only when her husband retired and the family settled in Washougal that Varner could pursue her dream. She enrolled in Clark with just a GED and a handful of community-college classes on her transcript, determined to succeed academically.

During the 2016 Clark College Commencement ceremony, that determination paid off when Varner heard Clark College

President Robert K. Knight announce that she was the recipient of the 2016-2017 Community College Presidents' Award in Honor of Val Ogden. The scholarship award provides full-time tuition at Washington State University Vancouver (WSUV) and is renewable for one additional year, essentially providing full tuition to complete a bachelor's degree.

Holly Varner hugs her son after hearing that she has received two years of tuition to Washington State University Vancouver.

As soon as President Knight made the announcement, Varner stood and hugged her son, Jonathan, who had attended Clark alongside his mother through Washington State's Running Start program, which allows high school students to attend college tuition-free. The two had taken three classes together and even quizzed each other before exams.

"It was great to see him progress, to see him grow," said Varner.

Varner's own growth at Clark has been exceptional. She graduated with a 3.98 Grade Point Average ("I was so upset about that A-minus!") while managing multiple volunteer and extracurricular activities. Varner served as Vice President of Service for Alpha Sigma Phi, Clark College's chapter of the international honor society Phi Theta Kappa. In that role,

Varner helped organize a Thanksgiving basket drive that provided holiday dinner supplies to more than 100 Clark College students and their families—negotiating an agreement with a new vendor that brought down the price of each basket that in turn allowed Alpha Sigma Phi to serve more students. She also coordinated drives to provide books and art supplies to families in local homeless shelters. She interviewed more than 60 homeless individuals to learn what they needed most; based on those interviews, she developed a shoe and sock drive to help them.

“She is the go-to person if advisors, other officers, or administration have questions,” wrote Professor Ruth Trejo, who serves as Alpha Sigma Phi’s advisor. “We joke about her three-inch binder, where her sticky tabs have sticky tabs.”

Varner will begin studying at WSUV this fall. She intends to major social work and/or public health. Varner said that, while her family had educational funding available to them through the GI Bill, she needed to save that funding to help put her children through school. Receiving the Community College Presidents’ Scholarship will allow her to pursue her own education, hopefully to a master’s degree.

New culinary center gets name

The Tod and Maxine McClaskey Culinary Institute will improve students' access to food on campus and provide a state-of-the-art training center for the culinary arts.

Clark College President Robert K. Knight announced that the Tod and Maxine McClaskey Family Foundation made a \$4 million gift to the college's culinary program that will transform the learning process for students, as well as the community's on-campus dining experience.

During a celebration for donors on Wednesday evening at Royal Oaks Country Club in Vancouver, Knight revealed that the college's new dining and teaching facility, which will undergo remodeling, will be known as the Tod and Maxine McClaskey Culinary Institute at Clark College. It will showcase Clark's Cuisine and Professional Baking and Pastry Arts programs.

The lead gift from the Tod and Maxine McClaskey Family Foundation simultaneously changes the face of the college's culinary building, while dramatically enhancing the student learning experience.

The Tod & Maxine McClaskey Culinary Institute will boast an artisanal bakery, barista station, and comfortable seating.

A redesign of the building includes a glass façade, outdoor dining space, contemporary restaurant, diverse food choices and an open food court layout. A revamped academic curriculum aligns with industry standards and prepares the college to be accredited by the American Culinary Federation. This top-priority project also addresses the nutritional needs of the college community and supports student retention by providing access to food service on campus.

Knight extolled Tod and Maxine McClaskey's contribution to the business community during Savoring Excellence, Clark College Foundation's annual celebratory dinner.

"This gift will positively affect every student at Clark College whether they just stop by the Tod and Maxine McClaskey Culinary Institute for a healthy option on the way to class or graduate from the Tod and Maxine McClaskey Culinary Institute ready to go to work for one of the many great culinary options in the region," said Knight.

Tod McClaskey was one of the founders of the Red Lion Hotel Vancouver at the Quay, a popular hotel and restaurant enterprise that began in Vancouver.

Lisa Gibert, president/CEO of Clark College Foundation spoke about the McClaskeys' passionate vision and values for the

hospitality business and how naming the institute after them is a perfect fit to honor their memory.

“Tod believed in first-class service and an excellent dining experience. The Red Lion was also the launching pad for hundreds of careers in the hospitality business for this region and beyond. That light of excellence for the McClaskeys will now shine for generations,” said Gibert.

The McClaskey family expressed excitement about being an integral part of the college’s future.

“Clark’s new culinary program fits our family’s ideals for excellent food preparation and management, as well as collaborating with other state educational organizations. We are thrilled to be a part of this innovative project,” said Jillian Hagstrom, granddaughter of Tod and Maxine McClaskey.

Slated to open midway through 2017, the Tod and Maxine McClaskey Culinary Institute will improve students’ access to food on campus.

Clark College has educational partnerships with the Clark County Skills Center and Washington State University Vancouver that consolidates the steps toward achieving a college degree.

The new facility is expected to be under construction for several months with portions of it opening in spring 2017. There will a food court with several kiosks offering cooked-

to-order items, soups, sandwiches, salads, and food-sensitive choices from a variety of global cuisines. A full-service bakery will serve artisanal desserts, breads and espresso. And Clark's popular restaurant will return, modeled after modern, open-kitchen dining establishments. All services will be open to Clark's community as well as the general public.

Clark College Foundation is accepting donations for the culinary project, which is expected to cost \$10.5 million. For more information, contact Joel B. Munson, vice president of development at (360) 992-2428.

Clark College Foundation is a nonprofit organization serving as the fundraising partner of Clark College in support of student learning. Nationally recognized for excellence in fundraising and communications, we are the 2015 gold winner for our campaign fundraising communications by the Council for Advancement and Support of Education in District VIII. We are also the recipient of the 2015 Educational Fundraising Award in overall performance and overall improvement from national CASE, based in Washington, D.C.

Clark prepares to offer its second bachelor's degree

Prof. Adnan Hamideh, who chairs Clark's Division of Business Administration, teaching Clark business students. Pending accreditation, Clark College could begin offering a Bachelor of Applied Science degree in Applied Management in 2017. *Clark College/Jenny Shadley*

Clark College received approval last week from the Washington State Board for Community and Technical Colleges (WSBCTC) to offer a new Bachelor of Applied Science (BAS) degree in Applied Management. Next, Clark is seeking approval from the Northwest Commission on Colleges and Universities (NWCCU), the college's regional accrediting body, to offer and begin the Applied Management program in January 2017.

"This is an exciting and important step towards being able to give more students access to a bachelor's degree program that is relevant, affordable, and available where they live and work," said Dr. Tim Cook, Vice President of Instruction at Clark College. "Students who earn this degree increase their opportunities to advance in their careers, earn higher wages and salaries, and to start and own businesses. These are all

vital to the health and economic stability of our region.”

The BAS in Applied Management is designed for students who have completed an Associate in Applied Science (AAS) or Associate in Applied Technology (AAT) degree. The program combines technical, academic, and professional courses to help students earn a bachelor’s degree that provides the applied managerial knowledge and expertise employers are seeking. The program structure includes in-person, online, and hybrid evening classes that allows students to earn a bachelor’s degree in as little as two years.

This would be the college’s second applied baccalaureate degree program. Last year, Clark began offering a BAS in Dental Hygiene to provide additional job opportunities to students while adding few additional courses to their degree plan. The Bachelor of Applied Science degree program availability at community and technical colleges is the result of legislative efforts that began in 2005 with the passage of House Bill 1794. In 2010, the Legislature moved the program out of pilot status as part of SSB 6355, the System Design Plan bill, and removed the limitation on the number of colleges that could offer the programs. New BAS degree programs must address the following areas: regional student and employer demand with an emphasis on serving place-bound students; alignment with existing programs offered by the college; a rigorous curriculum; qualified faculty; appropriate student services; and capacity to make a long-term commitment of resources.

Clark Jazz never skips a beat

Clark College's Jazz Ensemble performing at the 2016 University of Northern Colorado/Greeley Jazz Festival.

For the third time, the Clark College Jazz Ensemble distinguished themselves among the other colleges and universities representing seven states at the 2016 University of Northern Colorado/Greeley Jazz Festival, held April 21 through 23. This year, eight Clark College Jazz Ensemble students received Special Citation for Outstanding Musicianship awards, recognized from the 8,000 festival participants. The Clark students who received awards were:

- Mattias Tyni – trumpet
- Keith Cheek – tenor saxophone
- Anna James – tenor saxophone
- James Powers – trombone
- Jenny Baird – trombone
- Hayden Lilak – bass
- Josh Gonzales – drums
- Sam Niborg – drums

Clark students
James Powers and
Keith Cheek with
John Clayton,
bassist and
leader of the
Clayton-Hamilton
Orchestra.

In addition to performing for adjudication and clinic from internationally recognized jazz educators, Clark students also had the opportunity to listen to performances, workshops, and panel discussions presented by luminaries in the field of jazz including the Clayton-Hamilton Jazz Orchestra, Houston Person, Joey DeFrancesco, and Ellis Marsalis.

"The experience of visiting the Greeley Jazz Festival this year was exhilarating," said Clark student James Powers. "It has been said that it can be disappointing to meet one's heroes, but I can say that that is not always the case. When speaking with some of the learned men of music, I was greeted with humility and kindness. Just as important as the uplifting musical performances, was the realization that these performers were all just regular people who have just practiced more than I have. Overall I would say that as a result of attending the festivities, I have come to several inspiring and informative conclusions about the nature of my craft, and I believe the same can said for my fellow band

members.”

Members of the Clark Jazz Ensemble saxophone pose with iconic saxophonist Houston Person.

Jazz Ensemble Director and music professor Rich Inouye said he could not have been more proud of the band’s performance at the festival. “Many times you work so hard for something like this and when you perform, little mistakes pop up here and there, but this year’s performance at the festival was pure perfection,” he said. “I hope the Clark College community recognizes the work our band students put in to help Clark achieve this distinction. People in the audience shared with me how surprised they were when they found out we were a two-year college! It’s good that the Music Department can represent Clark’s academic distinction at the national level along with programs such as STEM, Speech and Debate, and Journalism.”

UPDATE: Recently, Powers has learned that he has even more reason to be exhilarated: He has been awarded the Festival’s highest award, a tuition scholarship to attend the world-famous Jamey Aebersold Summer Jazz Workshop at the University of Louisville in Louisville, Kentucky. Powers was recognized as one out of only four recipients to receive this prestigious award from the 8,000 participants who performed at the national jazz festival. Powers is currently a resident of

Gresham, Oregon and he graduated from Heritage High in Vancouver; he plans to complete a transfer degree with a major in music this spring. This award is a first for the Clark Music Department.

The Jamey Aebersold Summer Jazz Workshop is recognized as being one of the best intensive programs for mastering jazz improvisation. The festival features the nation's leading jazz educators and performers and is dedicated to providing an intensive learning experience for musicians of all ages and levels. Theory Classes, Ear Training, Combo Performance, and Master Class Sessions allow the opportunity for attendees to grow and develop to their fullest potential, and each evening attendees get to listen to faculty jazz recitals presented by some of the leading jazz musicians from around the world.

The Clark College Columbia Writers Series is offering a full week of writers, readings, and events on the college's main campus. From May 9 – 12, the college will host well-known authors, as well as readings by Clark students and a poetry workshop with incarcerated individuals. (See full schedule below.)

All events are free and open to the public. Directions and maps are available online. Individuals who need accommodation due to a disability in order to fully participate in this event should contact Clark College's Disability Support Services (DSS) Office at 360-992-2314 or 360-991-0901 (VP). The DSS office is located in room 013 in Clark's Penguin Union Building.

The Columbia Writers Series was launched at Clark College in 1988, bringing local, national and international authors to the college and the region. Information about the Columbia Writers Series is available at www.clark.edu/cc/cws.

Schedule

May 9, 5:00 p.m. – 7:00 p.m., PUB 161: *Free Minds Prison Poetry Workshop*

Part of an *On The Same Page UNITED* pilot project, Free Minds poetry workshops use writing to connect inmates with members of their communities on the outside. During the event, participants will read through poetry submissions from about a dozen inmates, and comment directly on the page. The poems with feedback will then be returned to the writers. This project, which has been conducted elsewhere around the country, fosters creativity and literacy in and outside prison walls.

May 10, 1:00 p.m. – 3:00 p.m., PUB 161: *Phoenix Unveiling*

Clark College's national award-winning art and literary journal, *Phoenix*, will unveil its 2015-2016 edition with readings from student authors and free copies available for guests.

May 11, 5:30 p.m. – 7:30 p.m., PUB 161: *Washington State Poet Laureate Tod Marshall*

Washington State Poet Laureate Tod Marshall will read from and discuss his work. His books of poetry include *Bugle*, *The Tangled Line*, and *Dare Say*. He has also published a collection of his interviews with contemporary poets, *Range of the Possible* and an attendant anthology of work by the interviewed poets, *Range of Voices*. He lives in Spokane, Washington, and teaches at Gonzaga University.

May 12, 12:30 p.m. – 1:30 p.m., PUB 258A: *Fiction writer Jim Shepard*

Jim Shepard is the author of seven novels, including most recently *The Book of Aron*, which won the Sophie Brody Medal for Achievement in Jewish Literature from the American

Library Association and the PEN/New England Award for fiction, and four story collections, including *Like You'd Understand, Anyway*, which was a finalist for the National Book Award and won The Story Prize. Five of his short stories have been chosen for the Best American Short Stories, two for the PEN/O. Henry Prize Stories, and one for a Pushcart Prize. He teaches at Williams College.

A RAMP to tech jobs

Clark College's popular mechatronics program combines electronics with mechanized processes to prepare students for jobs in today's high-tech manufacturing.

Clark College has received a \$200,000 grant from the National

Science Foundation to create a new Rural Access Mechatronics Program (RAMP) that will help students in rural areas become skilled technicians in the high-demand field of advanced manufacturing.

“Thanks to this funding, Clark College will be able to provide greater access to our highly regarded Mechatronics program to students living anywhere in Clark’s service district,” said Clark College Dean of Workforce, Career and Technical Education Genevieve Howard. Clark’s service district includes Clark, Skamania, and Klickitat counties.

During the grant’s first year, Clark College faculty will develop a curriculum of seven “hybrid” classes that compose a Certificate of Completion in Mechatronics Fundamentals. Hybrid classes are taught partially in a face-to-face classroom, and partially online, allowing students in remote locations to attend classes without commuting long distances each day to a college campus.

Many regional employers have expressed a need for additional technicians trained in mechatronics, a discipline that focuses on the integration of mechanical and electronic components in modern manufacturing and utility environments. Employers who wrote letters in support of this project include Boeing, Insitu, NORPAC, Silicon Forest Electronics, Vancouver Energy, the Columbia River Economic Development Council, and the Southwest Washington STEM Network.

“The RAMP program is another example of how Clark College is addressing the workforce needs of advanced manufacturing businesses,” said Jeanne Bennett, CEO of the Southwest Washington Workforce Development Council, which also supports the project. “The hybrid/online program will enable more students to receive training, and this will increase our region’s pool of skilled mechatronics technicians.”

The program will begin accepting its pilot cohort of students in the fall quarter of 2017. Given Clark's strong focus on hands-on learning, the college is currently examining potential options for bringing lab facilities to students in remote areas of its service district. These could include anything from suitcase-sized training modules to a traveling "lab" on wheels.

Clark College received this grant through the NSF's Advanced Technical Education program, which was created to improve and expand educational programs for technicians to work in high-tech, STEM (science, technology, engineering, and mathematics) fields. The grant proposal was developed by mechatronics professors Chris Lewis and Ken Luchini with Director of Grant Development Lori Silverman and Howard.

"The RAMP grant is exciting because it validates the ability of Clark College faculty and staff to develop a grant proposal that is competitive on a national scale in an academically rigorous process," said Howard. "Our hope is that we can replicate this hybrid model in other areas of career and technical education, potentially with further NSF assistance."

Real help from the “real world”

During his keynote speech at Clark College's 2016 Advisory Breakfast, Vancouver businessman Don Brunell holds up a transistor radio to show how quickly technology can become obsolete.

Last Wednesday Clark College honored the more than 250 men and women from over 160 business and organizations who serve on the college's 28 advisory boards for professional and technical programs. These industry professionals provide “real-world” guidance for Clark's professional and technical programs to ensure students receive current, cutting-edge training to succeed in the workplace and enhance the regional workforce.

This year's breakfast featured guest speaker Don Brunell, a partner at the Vancouver communications firm Brunell Creative. He is the retired president of the Association of Washington Business (AWB). Nationally, he has served as chair of the National Industrial Council for the National Association of Manufacturers (NAM), the Conference of State Manufacturing Associations (COSMA), and the Workforce Training and Education Coordinating Board under Governors Lowry, Locke and Gregoire. He currently serves on the boards of AAA-Washington, Forterra, *Washington Business Week*, Identity Clark County and WGU-Washington.

"It's really important at the state level to have a connectivity with local community and technical colleges because this is really where the rubber meets the road," said Brunell. "There are a lot of good things happening in Washington, and it's because our community and technical colleges listen to the folks who are our customers."

Brunell also emphasized the need for the community to serve as advisors to the college by participating in these committees, as well as to be good advisors to legislators.

"The advanced manufacturing center [at Clark] is a very important project to have in this county," he added. "The [Clark College at Boschma Farms] north campus is where a lot of skills training will be. We need to have those types of investments here, or we will not be able to keep large businesses like WaferTech, SEH and Georgia Pacific here, along with the small businesses."

Clark graduate
April Gapsch.

The event also included speeches from April Gapsch, a Clark graduate and chair of the Business Medical Office Advisory Committee, and from current welding students Peter Smith and Pachino Palmore. All three speakers were able to attend Clark as a result of the Worker Retraining Program. Smith and Palmore will graduate in June.

“For many years, I had a dream of going to college, but didn’t think it was possible. Then I found myself in a unique situation, without a job or prospects,” said Gapsch. “The local workforce office referred me to Clark College and the Worker Retraining Program. I was enrolled the next day, and graduated with honors last summer. I was hired by Peace Health five months after graduation.”

Welding students Pachino Palmer and Peter Smith show off some of the work they've produced in their classroom.

Clark College offers more than 25 professional and technical education programs. Currently, 39 percent of credit-seeking students enrolled at Clark College are pursuing a degree or certificate in professional and technical education. In 2014-2015, 80 percent of students who completed a career and technical degree or certificate, or earned 45-plus college-level credits prior to leaving, were employed within nine months.

Clark College Advisory Committee members, who are appointed by the administration of a college, provide direction and specifications for current professional and technical education programs, and help identify emerging occupations and skills needed. For more information about the college's advisory committees, visit www.clark.edu/advisory.

More photos from the event can be found on our Flickr page.

Stating the case for trees

Members of the community help plant a Black Hills Spruce during Clark College's 2016 Arbor Day celebration. *Left to right:* Campus Tree Advisory Committee member Jim Wasden, Director of Facilities Services Tim Petta, retired groundskeeper Skip Jimerson, Vice President of Administrative Services Bob Williamson, and Washington State Forester Aaron Everett.

On April 13, Clark College celebrated nature at its annual Arbor Day event and tree planting.

The event, which was free and open to the public, featured the addition of a Black Hills Spruce to the campus's beautiful 90-acre arboretum. This was just the most recent effort by the college to include all 50 state trees in the campus arboretum: The Black Hills Spruce is the official state tree of South Dakota. With the addition of this tree, the arboretum contains trees representing 40 states.

Starts of several more state trees were present at the

ceremony; these donations are still too young to plant outdoors, but will be tended in the college's greenhouse until they are ready to take their respective places in the arboretum.

Left to right: Campus Tree Advisory Committee member Tim Carper, retired groundskeeper Skip Jimerson, and Facilities Services employee (and Skip's wife) Lori Jimerson.

The event took place at the southeast corner of the Frost Arts Center, near the north end of the Royce E. Pollard Japanese Friendship Garden. Jim Wasden, a retired member of the U.S. Forest Service and current member of the Clark College Campus Tree Advisory Committee, gave the keynote speech. Recently retired groundskeeper Skip Jimerson, who was instrumental in Clark's efforts to include all 50 state trees, returned to campus to participate in the event and ceremonially shovel dirt onto the new tree.

The event featured the presentation by Washington State Forester Aaron Everett of the college's Tree Campus USA designation by the Arbor Day Foundation for the sixth year in a row. Tree Campus USA colleges must meet rigorous standards in five separate areas to earn this designation.

The arboretum can be explored online at trees.clark.edu, which features an interactive, mobile-friendly map to view the locations of and access descriptions for most trees on campus. This includes a six-decade-old Scarlet Oak and the campus's iconic Shirofugen blossoming cherry trees, the latter of which are celebrated each year at the college's annual Sakura Festival.

Jacobsen named new trustee

Jane Jacobsen

Jane Jacobsen has been appointed to the Clark College Board of Trustees by Gov. Jay Inslee. Her term began February 23 and ends September 30, 2019.

"I am thrilled and honored to have been named a trustee of Clark College," said Jacobsen. "It is an integral part of our community and essential for an increasing number of students."

A resident of Vancouver for the past 27 years, Jacobsen has long been an influential presence in the Pacific Northwest. She was the founding executive director of the Confluence Project (now known simply as Confluence), which creates educational art installations in Washington and Oregon that connect people with places. Jacobsen led that organization for 12 years and now serves as its board treasurer.

Jacobsen was instrumental in bringing nationally recognized speakers to Vancouver's Marshall Lecture Series, including Bill Richardson, Madeline Albright and Tom Brokaw. Jacobsen has also co-developed programs and exhibits to celebrate the history of the Pacific Northwest through folk art. In 2001, Washington State Governor Gary Locke appointed Jacobsen to a four-year term as one of 13 commissioners on the Columbia Gorge Commission, which oversees the Columbia River Gorge National Scenic Area Act.

Currently, Jacobsen is a private consultant for a waterfront development project in downtown Vancouver. She is also board president of Friends of Fort Vancouver and serves on the Columbia Land Trust's advisory board and development committee, as well as on The Children's Center's advisory board. She lives in Vancouver with her husband, Paul; they have two grown sons.

Jacobsen earned her bachelor's degree from the University of Arkansas and her Master of Business Administration degree from the University of Vermont. She fills the vacancy left by Mike Ciraulo, who left his position at Clark County Fire & Rescue in September to become chief of the Pendleton (Oregon) Fire Department.

Jacobsen joins other trustees Vancouver City Councilor Jack Burkman; Royce Pollard, who served as mayor of Vancouver for 14 years; Jada Rupley, administrator consultant and former educator; and Rekah Strong, chief of operations and equity at United Way of the Columbia-Willamette in Portland.

Jessica Lynch to speak at Commencement

Pfc. Jessica Lynch will address Clark College's Class of 2016. Lynch was taken prisoner during the Iraq war and was held for over a week before being rescued by U.S. Special Forces. REUTERS/Blake Sell

Former prisoner of war Jessica Lynch will share her experiences overcoming obstacles and her belief in the important role of education with the Clark College Class of

2016 as the college's Commencement keynote speaker on June 16.

"Jessica Lynch is a wonderful example of how strength of character can help people survive the hardest of situations," said Clark College President Robert K. Knight. "I believe she will make a strong connection with our students."

Clark College's Commencement ceremony is scheduled to be held on the evening of June 16 in Sunlight Supply Amphitheater. Tickets are not required to attend.

About Jessica Lynch

Jessica Lynch is a former Private First Class (PFC) in the United States Army and a former prisoner of war. On March 23, 2003, she was injured and captured by Iraqi forces after her unit was ambushed in Iraq. She was rescued after nine days in captivity on April 1, 2003, by U.S. special operations forces. Lynch's rescue was the first successful rescue of an American POW since World War II.

Today, Lynch speaks to various groups around the United States about overcoming her obstacles and how perseverance helped her survive. Lynch further explains that despite the most difficult circumstances – whatever they might be – a positive outlook and determination can truly help individuals live fulfilling lives and accomplish their goals.

Lynch has a Bachelor of Arts degree in Elementary Education and a Master of Arts degree in Communication Studies. In 2014, she toured the U.S. promoting *Virtuous*, a faith-based movie by JC Films. She recently filmed her second faith-based movie titled *One Church* and will be filming her third movie in March 2015.

Lynch has appeared on *Good Morning America*, *Today Show*, *CBS Morning Show*, *Huckabee Show*, CNN, MSNBC, *David Letterman Show*,

Fox, *Prime Time on ABC with Dianne Sawyer*, E News!, CBN, and various local networks throughout the country. She has appeared on the cover of numerous magazines such as *TIME* and *People*. She has been named West Virginian of the Year as well as *Glamour's* Woman of the Year.
