

# The Bloom Bot Challenge

This spring, the challenge of precise seed distribution caught the eye of the Engineering department. From their windows overlooking the garden, an idea took root: what if students could build a robot to solve this real-world problem?

---

## Mission Possible

Engineering students test their “Project Artemis Challenge” rovers in the STEM building’s Drop Tower to finish out winter term.

---

## Engineering Pasta Towers

Fall term’s Engineering Design Competition featured an edible building material: Pasta!

---

## Engineering

Engineering students present their final term projects.

---

# Computer Science and Electrical Engineering

Engineering and Computer Science students preparing to graduate presented their projects in an expo in the STEM Collaboratorium.
