

Mission Possible

Engineering students test their “Project Artemis Challenge” rovers in the STEM building’s Drop Tower to finish out winter term.

NERD Girls and GEEKS Gather in Experiment Social

The NERD Girls and GEEKs, an ASCC student program, hosted an “experiment social” on Tuesday, January 28 in the STEM Building Collaboratorium.

MESA’s Fall Travels

MESA provided opportunities for students to network at conferences, transfer fairs, internship information sessions and workshops.

Environmental Science

Environmental Science 101 students learn about habitat restoration and plant native plants at Sams Walker Recreation

Area in the Columbia Gorge.

Guided Pathways Camps

100 students attended career pathways camps focused on Health Care and STEM at Clark College during the week of June 25-28.

Engineering Competition

Spring term engineering students present their prototype to their peers, explaining their process and materials used. Finally, teams test their designs.

Women in STEM Tea

Clark students practice speed networking with STEM professionals.

Engineering competition

Teams of student engineers crowded around tables in the collaboratorium in the STEM Building on March 12 for the winter term Engineering competition to present the bridges they had spent weeks perfecting.

MESA Center opens

MESA (Math, Engineering, Science Achievement) is a national program designed to increase the number of historically underrepresented populations to succeed in STEM fields.

Engineering Competition

Design

Engineering students present rocket payload group projects they worked on through fall term.
